

General Surgery - Trauma Surgeon

Location: New York

Posted Date: 11/2022

Expires: 03/2023

Job Description:

Overview:

Bassett Healthcare Network, a progressive, academic health system in central New York, major teaching affiliate of Columbia University, is seeking a General Surgeon to serve as Trauma Medical Director and Director of Surgical Critical Care.

Applicants should be Board Certified or Eligible in General Surgery as well as in Surgical Critical Care. Previous experience or leadership in an ACS verified trauma program is preferred. An ideal candidate will be energetic with a desire to innovate the rural trauma experience. Bassett Medical Center serves a complex and hardworking community. The Trauma Medical Director will elevate our current system from a Level III to a Level II Trauma Center by providing the latest in treatment options and critical patient care for our patients.

Description:

Bassett Healthcare Network is an integrated health care system that provides care and service to people living in an eight county region covering 5,600 square miles in Central New York. The organization includes five corporately affiliated

hospitals, as well as skilled nursing facilities, community and school- based health centers, and health partners in related fields.

This is vibrant and sophisticated upstate community set in a bucolic lake front village affording four seasons of cultural and outdoor activity. An unparalleled and well-appointed community sport center.
